Please complete the section below if you would like us to include a link to your website

We only make links to websites that reach acceptable standards in terms of Plain English, good spelling and grammar, accessibility for visually impaired people and useful, up-to-date content.

In addition, your organisation must agree to abide by the following terms and conditions:

- There must be no pornography, discrimination, racism, bad language or other inappropriate content on your website.
- The website must be kept up to date and relevant.
- You will notify a Community Directory Officer immediately if any of the above cease to apply (contact details below).

On behalf of(name of organisation)
I accept Shropshire County Council's terms and conditions as stated above and agree to consider making a link back to the Community Directory homepage at www.shropshire.gov.uk/community.nsf

Keeping the Community Directory up-to-date

A Community Directory editor will get in touch with you at least once a year to confirm that your details are correct and that your organisation or service wishes to remain in the directory. But you can help us keep the website more up-to-date by notifying us of any changes to the information as and when they occur. If you are not sure which Shropshire Customer First Point, Library or Care Information Provider is responsible for keeping your webpage up-to-date, just use the contact details above. Alternatively, hand this form in at any public library or Customer First Point in Shropshire.

Thank you for contributing and helping to make the Community Directory such an invaluable resource for Shropshire.
